DATE: June 30, 2010

SUBJECT: Math Intervention Program

The purpose of this memorandum is to inform you about opportunity to participate in the Apangea Math Intervention Program during the 2010-2011 school year. Apangea Learning has been contracted by the Indiana Department of Education (IDOE) to provide an online math intervention program, online access to live certified teachers, and a student motivation program for 35,000 students in Indiana.

All seat licenses, training, follow-up consultation and support are provided as a part of the contract with the IDOE; therefore, there are no costs associated with implementing this program.

Intent to participate in the Apangea Math Intervention Program is now open to all school districts/corporations/afterschool providers in Indiana who service students in grades 5-12. If you wish to participate, please complete the following survey: www.surveymonkey.com/s/DHCKFQY.

Seats will be given to those who express interest first. Funding for these seats will no longer be offered when a total of 35,000 seats have been requested. Beginning Tuesday, July 6 2010 a running total of seats reserved will be posted on Learning Connection in the Apangea Math Users Community. In addition, you can access a recorded webinar hosted by Apangea, a calendar of future webinars or face-to-face meetings as well as additional information about Apangea by joining the Apangea Math Users Community on Learning Connection at <https://learningconnection.doe.in.gov/UserGroup/GroupPublicProfile.aspx?gid=390>.
